**PLEASE READ:** The following is an agreement between the customer, known as Buyer, and Taylor Gas Company, Inc., known as Seller. Equipment consisting of: regulator(s), meter, tank(s) and all equipment necessary for the dispensing of Seller's gas service is the property of the Seller. It is understood that said equipment is only leased to Buyer for the exclusive use of Seller's product. At the time of discontinuance of Seller's gas service, Seller has the right to remove said equipment from Buyer's premises. The above named Buyer agrees to purchase Seller's product for use at the above described location from the Seller, and to pay for product or service on receipt of gas invoices or monthly statements. The leased equipment shall be serviced or handled exclusively by the Seller. In case of non-payment of monthly invoices or meter statements, service may be denied or interrupted in accordance with the terms of this agreement. Purchased tank(s), meter(s), Regulator(s), and related equipment will be known as Buyers. Proof of ownership should be retained for future reference if required.

**Terms:** Invoices are due and payable 15 days from the date of the invoice. A 2% late charge on the balance is due 30 days from date of invoice. APR 24% (minimum .50 cents). Buyer agrees finance charges to be computed at a periodic rate of 2% per month which is an annual percentage rate of 24% applied to outstanding balances that exceeds the terms of net 30 days.

**Please note,** buyer will be held liable for the cost of damage to equipment and service charges associated with closing an account. Charges applied may include labor associated with account close-out procedures. The buyer agrees to pay account balance to zero prior to account close out. Should the buyer not pay account balance to zero, buyer will be held responsible for all expenses associated with the collection of outstanding balances, i.e. legal fees accrued by Taylor Gas Co., Inc.

**Tank Lease, with regulator, fees are billed annually at \$85.00.** If the buyer's annual propane consumption exceeds the minimum required amount, the lease fees may be waived. Based on the information provided, some accounts may require an additional, refundable deposit. Tank lease charges do not apply to Buyer purchased tank(s), meter(s), Regulator(s), and related equipment.

**A gas system leak test** is required every time a customer experiences an interruption in service, i.e. out of gas or tank disconnection. Refusal to have a pressure test performed releases Taylor Gas Company, Inc. from any future liabilities or incidents pertaining to the customers system. Charges may apply and are subject to change without notice.

**Notice to buyer(s):** Do not sign before you read terms & conditions printed above. You are entitled to a copy of this agreement and the information regarding your rights to dispute billing errors.

**NOTICE:** I hereby authorize you or any credit reporting agency employed by you to investigate the reference herein listed or any of the other information stated above to determine my qualifications for a credit account. Customers leasing equipment from Taylor Gas Company must pre-pay in full the setup cost prior to the delivery and installation of any gas or equipment. Customers purchasing equipment from Taylor Gas Company must pay a percentage of the total balance prior to the installation and the remaining balance when the installation is completed. In the event seller takes action against buyer to enforce the agreement or any terms and conditions here in, the buyer agrees to pay any and all additional cost accrued by seller including but not limited to court cost and attorney fees.
